WHICH

7 GREAT BENEFITS

MODERN DESIGN

bolang design and develop various sinks according to the perfect combination of international style and artistic elements make, unique products. Smooth and elegant line, make your kitchen perfect and best feeling, which will appears comfortable, high-end, cheerful quality life style.

HIGH QUALITY

From the surface, polishing, color to the whole flatness, drainer and drainage, BOLANG keeps improving, works on every detail, and creates the first-class international quality.

HIGH-QUALITY MATERIAL

BOLANG using international standards of SUS 304 stainless steel plate, with characteristics of smooth, bright, wearable, and anti-rusty.

SUPER PRACTICALITY

The automatic waste design is more humane, practical, and gently a twist will control the drainage. Large space inside the bowl, quick drainage make you enjoy easy convenient cleaning.

COMPLETE FUNCTION

According to market demand, BOLANG products divided into artistic sink, practical sink and economic one-piece sink, as well as a variety of accessories let your operating convenient and comfortable.

EASY INSTALLATION

With a variety of convenient countertop installation, BOLANG design perfectly fit for your kitchen environment.

EASY CLEANING

Diverse surface treatment, no dead angle of overall design, satin and polish surface treatment, greatly improve the wear resistance, rust corrosion resistance, and oxidation resistance, make countertop extremely easy to clean.

70% KITCHEN TIME

70% of your kitchen time is done beside the sinks, which is an essential part of life. Following "offer top-grade sink which you want most", bolang specialize in design and open modern, manufacturing modern, elegant, function and super practical sinks for more than ten years.

He comfortable & quality space bring more happiness in your kitchen. Let you and your family enjoy and love the kitchen time.

Let you love the kitchen time

SIX ENTERPRISE STRENGTH

THE COMPLETE, QUICK UPDATED DESIGN

According to the market dynamics, BOLANG ensure various, new, complete design. Especially Strengthen the development of new products. Bolang has developed 13 categories, hundreds of design, which can meet the global market demands.

MARKET TARGETED

BOLANG with characteristics of market targeted and significant advantage, have conquered the mass customers and various products have been exported to Europe, Britain, Australia and other parts of the world.

COMPETITIVE PRICE, HIGH-QUALITY

Bolang has labor, production resources cost advantages, and over ten-year specialized kitchen sink production, marketing experience. Bolang 100% can provide you stable high quality, competitive products!

INTEGRATION OF DESIGN, DEVELOP AND PRODUCTION

According to the needs of customers, BOLANG engaged in the independent design of the product, mold development, mold manufacturing and mass production. Bolang is your perfect partner!

STABLE SUPPLY QUANTITY

Bolang with modern workshops covering 20,000 square meters, 300 employees, meanwhile, advanced equipment, workmanship and management mode, ensure the adequate supply stability. Thanks to the advanced processing techniques, never-stopping design, cost advantage faithful service attitude, our company always takes the leading role in the high-end market, and our company always takes the leading in the.

ADVANCED TECHNOLOGY

BOLANG using advanced hydraulic press and sophisticated welding equipment, together with anti-condensation of sink bottom, silencer function, high quality of drainage device, advanced production technology, all above make our products perfect.

Compass International (Ningbo) Ltd.

Compass International (Ningbo) Ltd. is the sales office for COMPASS manufacturing group that specializing in supplying kitchen and bathroom products.

Our team has years' experiences in supplying our customers with the high quality of products and the very competitive price. Our professional quality control team ensures the high quality of our products.

We have our own trade marks on the products and also sell products to our customers under their own brand names. Customers OEM products are welcomed.

When you choose Compass, you will receive the very best customer services and high quality products.

We look forward to working together with you.

Taizhou Bolang Kitchenware Co., Ltd.

Taizhou Bolang Kitchenware Co., Ltd., established in 1990, is a professional designer, manufacturer and supplier of stainless steel sinks.

Since the beginning, we have been taking quality as the enterprise's foundation of survival. In order to pursue excellence, we've introduced advanced production technology, equipment, management philosophy and QMS.

Our company has passed ISO9001 and ISO14001, and our products have been authorized with CE & UKCA certification.

98% of our products are exported to overseas markets such as UK, Greece, Spain, Poland, Germany, UAE, Thailand, Indonesia, etc., and European market accounts for more than 60% of the total.

Surface Treatment

A variety of stainless steel finishes includes brushed steel, smooth, linen and microlinen.

Waste

Automatic waste

Do not need to pulling the waste any more. Just gently a twist, make the drainage easy.

Overflow hole location

Punch the overflow hole slightly above of the bowl, increasing the bowl using space. When it is used together with the basket, will eliminate the mutual absorb phenomenon.

Installation

Cut Out Drawing

Schematic diagram marked out accurate length and width, also with illustration of corner radius.

All products can be produced as below colours

BL-637H

Single Style

1. Single series is compact and flexible. widely used in the garden, beach and barbecue. single series enrich delight, convenience in your life.
2. Super practicality, competitive price.
3. Automatic waste design, excellent water falling devise.
4. Excellent function, modern design.
5. High flatness.
6. Convenient fashion.
7. Reasonable function, easy operation.
8. Mooth material, wonderful texture.
9. Good quality, complete functions.

NEW	OLD
 Cap nut Material :Brass Advantage: Humanized design of the longer rivet with chrome-plate surface	 Cap nut Material :SUS304 Advantage: Standard length, no coating, not shining finishing
 Basket Material :SUS304 Advantage: Excellent filterability	 Basket Material :SUS304 Advantage: Good filterability
 1st layer gasket Material :Rubber Advantage: Good sealing performance	 1st layer gasket Material :Rubber and Plastic Advantage: Normal sealing performance
 2nd layer gasket Material :SUS304 Advantage: High quality material	 2nd layer gasket Material :PVC Advantage: Normal sealing performance and common quality
 Screw bolt Material :Brass Advantage: Chromeplate surface	 Screw bolt Material :Brass Advantage: No coating, not shining finishing
 Flange nut Material :SUS304 Advantage: Longer design with chrome-plate surface	 Flange nut Material :SUS304 Advantage: Standard length suitable for installation SS sink.
 Strainer Material :SUS304 Advantage: Glossy surface with high quality	 Strainer Material :SUS304(2B) Advantage: Common visual level, appearance
 Seal Ring Material :EVA Advantage: Perfect sealing performance	 Seal Ring Material :Rubber and Plastic Advantage: Common sealing performance and leakproofness
 Rubber ring Material :Rubber Advantage: High temperature resistance, better sealing performance	 Rubber ring Material :Rubber and Plastic Advantage: Common sealing performance and leakproofness
 Plastic cup Material :PP Advantage: Made of non-recycled PP material	 Plastic cup Material :PP Advantage: Made of fresh PP material
